Friends & Family

My favourite thing in the world is to play with my friends. I think that is my happy time.

When I started school, I didn't have any friends. I felt very lonely. One day, my teacher said 'introduce yourselves'. I was happy because I can meet a lot of friends and my friends played with me every day. This is my favourite time. I like my friends.

Kelly Chow

My friend is called Gaga. She is nine. There are four people in her family. These are her dad, mum and sister. Her sister is cute. Gaga is taller than me. Her hair is longer than mine. I'm thinner than her.

She likes playing table tennis, watching TV and playing on the computer in her spare time. She likes playing basketball at school. Her dream job is to be a teacher. I like her so much.

Gian Chan

My best friend is Kelly. She is a girl. She is nine years old, we are the same age. She likes playing badminton but I don't like. She always tells jokes and makes me happy.

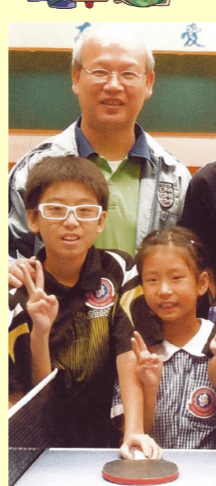

I am tall. I am taller than Kelly. I'm thinner than Kelly too. We always play games in the recess. She is sometimes unfriendly but she treats me in a different way. We like playing Pokémon Go! I am happy I can make friends with her.

Charlie Ie

My lovely brother is Owen. He is in Secondary 1. He is kind and diligent. He is always very nice to everyone and he always works hard in everything he does. Besides, he is good at playing table tennis. He also wins lots of competitions. He is good. I am glad Owen is my lovely brother.

Catherine Lam

My Dreams

If I had magic powers, I would like to fly in the sky because I want to play and sing with the birds.

Every morning, I can fly to school in a short time, so I do not need to get up early. After school, when I am tired, I can fly on a tree and take a rest. However, I know this is just a dream!

Kian Cheuk

What do I want to be when I grow up? Let me tell you!

I want to be an English teacher. Do you know why? It is because I like my English teacher very much! My English teacher is very nice. Her name is Miss Wong. She always helps me with the homework, so I like her very much.

In the future, I must be an English teacher like Miss Wong.

Kathy Wong

A special thanks to:

Advisory Teachers: Ms Kwan and Ms Ho
Teacher-in-charge: Mr. Duncan

Story Corner

The New Snow White

Once upon a time, Snow White and the prince walked in a forest sweetly. Suddenly, Snow White changed to a rabbit. The witch laughed and said 'Prince, do you want to marry Snow White forever?' The prince shouted 'Of course!' The witch gave him an apple and said 'Eat it!' The rabbit shouted 'No!' but it was too late. The prince ate the apple and fell down.

The rabbit sat down and cried and cried. She was sad. She kissed the prince but he didn't wake up. The rabbit tried a lot of things. She was very worried and she slept on the prince's tummy.

Unfortunately, the witch called her soldiers to fight with the prince. The rabbit wanted to stop them but she couldn't. 'Rabbit, see your Prince die!' The witch put a sword on the prince's tummy. Suddenly, he woke up! He took out his sword and killed the witch.

A monster appeared and said something to the prince. 'I make all the bad things and I don't want to kill you. I let all the bad things lose efficacy.'

The rabbit changed to Snow White. They thanked the monster and had a happy life.

This story tells us that maybe an ugly person is a good person.

Time Travel

If I had a time machine, I would go back to when Ms. Cheng and Mr. Duncan were small, because they were cute. I want to play with them. I think I will have fun there because I like babies and babies like me too

I can visit Mr. Duncan's brothers, sisters, Mum and Dad. I will take them to 2016 and watch Mr. Duncan teaching me and my classmates on Monday.

Then I will send them to that day again, when I go there I can bring some toys too, then we can play with the toys and have fun. I wish I can be very happy there.

Athena Choi

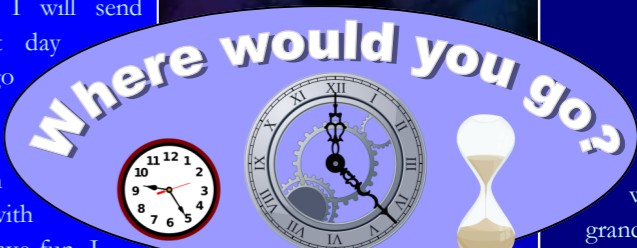

If I had a time machine I would take it and travel to 2006 when I was still a baby. I want to visit my grandma.

I had not met my grandma. She was dead before my mother gave birth. My father said she is a kind, nice, funny and beautiful mother. Dad misses her very much.

If I would meet my grandma, I would make the bed for her. I would cook some food for her and take some photos with her. I miss her very much too!

Vanessa Man

If I had a time machine I would go to the year 1000000 because I want to buy an iPhone17810782391. It is just one dollar.

School Life

School Picnic

We went to Hong Kong Baptist Assembly in Fanling for our school picnic. On that day, the weather was fine. Firstly, we went to the football field for our lunch. I shared my food with my classmates.

Then, we went to Galaxy Zone. We played on the climbing frame and slide. It was fun and exciting! After that, we went to Hall 3 and joined the workshop for making some crafts. At last, we picked up all the rubbish before we left the campsite.

I felt tired but happy. This was an unforgettable memory.

Vanessa Man

We had a school picnic on the 29th November, 2016. We could buy some candy and play games. I took some candy and sandwiches. I love the school picnic!

Ella Wong

My Dream School

The school name is Happy School and it has six floors. It is big and beautiful. It looks like a castle. In the school, all pupils can use the lift. It doesn't have any teachers in the school so all of the students can play their favourite games.

My favourite room is the music room because I can play my best liked musical instrument in the music room – it is the flute. I usually play it with my friends on Fridays. I like the playground too. Our school playground is special because our playground is on the top. We play basketball, badminton, long jump and hopscotch. I usually play these four games with my two best friends, Gian and Daniella on Mondays and Wednesdays. We are excited.

I like this school very much because I can play all the time at school with my friends. I like this school the best in the world!

Gaga Li

Christmas

How do I feel about Christmas? I think Christmas is a special day. Even the teachers give me so much homework, but I will be happy! This is because my school will conduct a show every year called the 'Talent Show'.

This year, I was the angel in the show. On the 'Talent Show' day, I felt nervous! But my teacher said, 'Jojo, you can be good!' Then, my class won 3rd! I felt happy and I learnt some knowledge, 'even if the training is very hard, you will feel that it is meaningful after you win an award!'

At Christmas, I can also sing the Christmas songs, like Last Christmas, Jingle Bells and Joy to the World. I can decorate the Christmas tree to be beautiful!

I think Christmas is an important day because I can learn something at Christmas every year!

Jojo Ho

I felt very happy at Christmas because I could play with my friend and have a buffet lunch with my family.

On that day, I ate sandwiches with my father in the morning. Then, I went to play ball games with my classmate Kary. Next, I ate the buffet lunch with my mother. Finally, I watched the TV at home. It was a very interesting Christmas holiday!

Hero Cheung

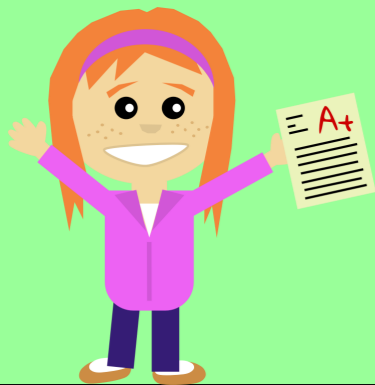

Exams

Do you like exams? I like exams, why? Let me tell you why. My favourite subjects are English and Maths and exams can improve my results. Exams also can show your achievements to the teachers and pressure can push you to study hard. Haha, you can leave school early on exam days too, it's great!

For example, I study hard before Maths exams. I feel nervous. At the exams I think 'Don't be nervous, keep calm, look at the questions carefully, after that, answer the questions'. Do these things and you can get high marks. It's good to remember to do these things. Another example is to always listen to the teachers carefully. Do this in order to get high marks.

Now you know how to get high marks and you know why I like exams. Can you think of more ideas? You can tell your friends!

Entertainment

Games

Nowadays, many people are addicted to games. I am a player too! So many companies like Playstation, Android, Apple and Windows are providing a lot of games to play. Are you playing these games like GTA5 (it is provided for adults so I wouldn't play), N.O.V.A, Final Fantasy, Minecraft, LEGO Avengers, Pokémon Go, Gangster Vegas, Cooking Mama or Plants vs Zombies? I don't know. Maybe your friends told you before I told you. Oh, I forgot to tell you the most famous game, Five Nights at Freddy's. So many Youtubers have played this game. I have played this game before. Are you a player? If you are a player, call me. Hahahaha!

Jack Ling

I like Minecraft because it is fun. I play it in my spare time. I play it half an hour to one hour once a day. Every time I play it, I use my iPad or computer at home.

I play 'Create mode' every time. I play it with my friends. The game characters are Creeper, Steve, Enderman, Ender Dragon, Skeleton and Zombie. I like Steve the best because I don't like monsters.

When I play it, I will kill many villagers. That's so fun! Then, I will build a house with bricks. That's so comfortable inside the house!

When my mum asked me to turn off the computer, I am a little bit unhappy but I need to turn off the computer. Then I leave the computer room.

Ericsson Tse

Books

My favourite thing in the world is books. I like books because we can learn a lot of information in them.

Books are very informative, we can know something beside school. Some famous writers write a lot of amazing books, they write about their life.

However, some poor countries' children do not have any books but they always want to read books because they want to be smart people. So, we should always keep books tidy and we shouldn't treat them badly.

Do you know some fantastic people? I believe some of them love reading very much, they study very hard too.

If you want to be a smart person, you should read more books, they are good for you. Remember, you should be nice to books.

Hailey Pang

Cartoons

My favourite cartoon is Dragon Ball Super because the characters in this cartoon are cool and handsome. My favourite character is Goku. He has two sons. One is called Gohan, he's strong and handsome. He and Goku can be Super Saiyan. Their hair will change to yellow and gold.

Goku walks with Bulma to find Dragon Balls. If you have seven Dragon Balls, the God Dragon will make your dream come true.

On the way to finding Dragon Balls, Goku will make friends with different planets' people. They will fight and they will know each other's power. Goku always practices with Vegeta. They always fight for long, long times.

When Goku's power is full, he can change to Super Saiyan God. He is strong and cool. The SSGSS Goku is the strongest! His hair will change to blue. It is the best power!

Do you like watching Dragon Ball Super too?

Wayne Ho
