Friends & Family

My Friend Magnus

My friend is a boy. He wears blue glasses. His name is Magnus. He likes reading all English books, doing homework and playing electronic games in his spare time.

He has four family members, and they live happily together. His dream is to be an Art teacher because he likes drawing and painting. He's my classmate, and I'm glad I can be friends with him!

by Hero Cheung

Best Friends

My best friends are Constance and Athena.

Constance likes playing table tennis. She also likes to eat French Fries and drink lemon tea. On Monday to Friday, she sleeps at 11 p.m.

Athena likes sleeping very much. She also likes playing the piano and eating noodles. She loves reading and always reads books on weekends.

I like my friends very much. I'm happy because I have two friends. They are the best friends in the world.

The Girl With Dark Eyes

I know a girl in 5A with dark eyes, straight hair, a perfect face and a lovely smile. Can you guess who this girl is? She is Reina Or, and she is my best friend.

She is taller than me! She is 148 cm tall but I am 147cm tall. She likes reading magician story books. I like reading them too! We like to chat together in some apps. Her dream job is to be a teacher. She likes eating dessert too! Ice-cream is her favourite.

She often helps me with my homework. I remember in Primary 1, she accidentally took home my Chinese book and I told Ms Leung. She said sorry to me and I forgave her. Reina is now my best friend forever!

by Amy Huang

Name Buddies

My favourite friend is Adrian Liu. He has the same name as me! He is eight and a half years old and lives in Tuen Mun Ferry Pier. He doesn't have any brothers or sisters.

His favourite foods are chocolate and soup. His favourite cartoon is Doraemon, and his favourite video game is Switch. His favourite sports are basketball and football.

He is in Class 3C. His PE teacher is Mr Tang but his favourite teacher is Miss Cheung. Adrian is a good friend to me.

by Adrian Tong

My Hero

Hello there! I have a friend that wears glasses, has a beautiful blue watch and is handsome. His name is Hero. He is ten years old, and is in Class 5B. There are four people in his family – his father, his mother, his brother and himself. He has a lot of friends too. Some of his friends are Felix, Anthony, and Natalie. He is often eating, playing and talking with them at recess.

He likes playing computer games, listening to music and riding a bike in his spare time. His dream job is to be a musician and a writer because he likes music and writing. He is also good at every school subject! I would think that is a bit impossible. Sometimes I've seen him join some extra activities too. He is really happy to do these activities. I think everyone can learn from him. I really like him, don't you?

My Superpower

Healing Powers

I wish I had the power to heal. I could be a doctor and save a lot of people from death and injury. I would touch someone and they would get better quickly. I could also save myself when I get hurt and sick.

I could use my power to kill cancer or some sickness the doctor cannot cure. I also wouldn't need to see the doctor and could save money! Moreover, I would not feel pain and always heal quickly, so I would not be afraid of knives, scissors or other things that can hurt me. My whole body, like my face, will never look old but I will get older and older.

If I had this superpower, I'd be a super doctor and save many lives. I could take care of my family and save many animals too.

What would yours be?

My Dream

If I could have a magic power, I would like to fly in the sky because I would like to go to some beautiful places to sleep. I want to fly to every place to see the biggest ocean, the tallest mountain, and many more natural wonders.

When I see people who need help, I can help them too! I hope I have magic powers soon.

Magic Mind

If I could have a super power, I would like to be a very smart and magical man. If I were very smart, I could make some robots to protect me and my properties. No one would hurt me or steal my things.

If I could be magical, I could do anything I want, such as this: I will wave my wand and a lot of food will appear. I could also use magic to do my homework!

However, I wouldn't do bad things with my magic. I would do something good. I could be a policeman! If I see someone steal something, I could use magic to stop him. I would serve others with my superpower, because helping others is the foundation of happiness. Of all the powers I could have, I like this one the best.

School Life

Sports or Spelling?

Do you like sports? I love sports. P.E. is my favourite subject because in P.E. lesson we can play games and there is no homework. In P.E. lesson my classmates and I play basketball, football, volleyball, and badminton.

I like basketball because it can make me taller. I also like volleyball because it keeps me fit. I like badminton because I think it is fun and interesting. I sometimes play these sports at weekends too.

I think playing sports can keep us healthy. This is why I love P.E. class.

by Haylie Kan

I love English because it is fun. I can play games in English class. Spelling games, hangman games, and drama games are all great. Spelling games are better than drama games. Hangman games are the best.

Besides games, I like writing English poems and riddles because I think they are interesting but it is hard to make the poems rhyme.

I like solving riddles too. My classmates always write riddles for me. I like this very much.

by Evelyn Lai

Mr Lam

Mr Lam is my class teacher. He is smart, kind, and good at sports. He can play football, basketball, table tennis and badminton. He teaches me how to play well in football. He also helps me with my homework and likes to talk with me about fun things.

He usually wears sports clothes. Sometimes, he goes to the fast food shop and buys a hamburger and a cup of coffee for breakfast. After he eats breakfast, he goes to my football lessons. He also knows about many other subjects. We all like him very much! Mr Lam is the best in the world!

by Francis Chau

Super Subjects

Do you have any favourite subjects? My favourite subjects are P.E. and English. Let me tell you what I think about them!

I like P.E. because I like running, skipping, and playing badminton. Actually, there's one more silly reason – you don't get homework in P.E. class! Isn't that silly? We usually play lots of games in sports class. Mr Wong gives us free time too!

I like English too because I like speaking English. I like reading English books too! Miss Fung is my English teacher. She often gives lots of homework, oh no! But I still like English. I think these subjects are great, what about you?

by Liz Wan

Exams, Exams, Exams!

I always study hard for my exams. They are difficult but I like them because I can get high marks and my teacher will give me presents. Exams can also help improve my results. There are many subjects that have exams, such as Chinese, English, Maths, and General Studies. My favourite exam is Maths.

We always listen to the teacher before exams to know what we need to study. If you don't listen to the teacher you don't get high marks. We only have one recess on exam days. Some students like to play, some like to eat food, and some study hard. I like to play in recess because I want to rest more. I like exams so much, do you?

by Adrian Liu

Favourite Things

A Taste of Spice

I love eating but I think different things when I eat foods from different countries. Let me tell you what I think about foods from different countries. I think different things because all of these foods have different tastes. Sweet, salty, sour, spicy, and more! They will all make me feel something different. For example, Indian food is spicy. Indian people love to eat curry. Most curries are spicy so it makes me think about heat, smoke, and fire. What do you think about when you eat?

by Liz Wan

Delicious Drinks

Do you know what I like to drink? I like to drink many drinks, maybe you like them too! I like to drink Peach juice, but I only drink home-made because my mum will make it for me! It is fresher and healthier! After reading my article, will you ask your mum to make it for you?

I like to drink lemonade too. I drink it after doing sports because it tastes sour and it can give me energy. If you are afraid of a sour taste, just put some honey inside to make it sweeter. Do you like these drinks? I think they are healthy and tasty. I like them very much!

by Donna Pan

My Favourite Teacher

My favourite teacher is Miss Cheng. I like her because she is smart and funny. She taught me English from Primary One to Primary Four. My classmates and I love her. She always teaches us a lot of new words that I didn't know. Now I am not bad at English because I always write some notes in my notebook, and this is what Miss Cheng taught me.

She always gave me good grades and she often helped Kary to tie her hair because it was messy. Miss Cheng is good at art and likes beautiful things. She always wears a dress with a pair of yellow shoes. She also loves to change her pencil case and her stamp box often.

I am very happy to have been taught by her. Thank you Miss Cheng!

by Athena Choi

In My Free Time

Do you know what I like to do in my free time? Playing computer games? No. Playing at home? No. Reading? Yes! I love reading. Books are so good for us. I like reading books because they can help me to know more.

There are many types of books, such as: science books, mathematics books, and there are even books about transformers! I like reading science books, though I don't always know what they're talking about. I also like reading story books. What about you?

I like sports as well. I love playing basketball! It is fun and it keeps me healthy. I always play with my friends in the afternoon and at weekends. We can play different modes such one versus one, or two versus one, or three versus three. In NBA it is five versus five. Do you love to do these things in your free time?
