## Happy Chinese New Year!

Chinese New Year is also known as Spring Festival and the Lunar New Year. It always falls in January or February. This year it falls on the 19th of February.

We prepare for the new year in the last three days of the year before. Two days before the new year, we clean our house. At the New Year, we go to the flower market.

At Chinese New Year, we put on new clothes and visit

Rams are kind and popular

our relatives. We also decorate our homes with red paper that has lucky words on it

because Chinese think that it will bring us good luck.

Good fortune flowers are also brought to peoples' houses. There are different animal zodiacs for every year. This year is the year of the ram. Rams are considered kind and popular by the Chinese.

Chinese New Year is a very special festival because it means a new start.

## Opinion: Fast Food and Health

Do you like to eat fast food? I think the answer is yes because it is fried and very yummy. But do you know that it is bad for your health?

Fast food is made from a lot of salt and oil and it

makes people become overweight.

According to statistics, 15% of Hong Kong children are overweight, and 50% of them always

eat fast food.

I think that we should only eat fast food once a month. I know it is so difficult to do, so let's do it together.

## Chung Yeung Festival

Double Ninth, Remembering my Shandong Brothers

-by Wan Wei

“As a lonely stranger in a foreign land,  
At every holiday my homesickness increases.  
Far away, I know my brothers have reached the peak;  
They are wearing the zhuyu, but one is not present.”

Poem researched by Charles Leung 5A

Double Ninth (Chung Yeung) Festival is in autumn. It is very dry and windy. We usually wear sweaters and jeans.

My family and I go to Shatin Po Fook Hill to respect our deceased ancestors. We bring some flowers, Chinese cakes and fruit.

Some people like to go hiking and fly kites at the top of the hills. I love our countryside very much.

## Christmas, A special time of the Year

If I were Santa....

I would like to give presents to children and families of the Earth.

I would also decorate your Christmas Tree!

- \* First I would buy a tree and some baubles.
- \* Then I would put the tree on the floor.
- \* Next I would add many decorations.
- \* Finally I would put a star on the top of the tree.
- \* Now we are ready to celebrate Christmas!

cause she likes singing. When she isn't a student, she wants to be a teacher.

At weekends, Wingi always goes to swim because she thinks swimming is healthy. Wingi

likes doing homework at school. She goes to school on foot.

Wingi can make cakes with her mum, but she doesn't like to eat cakes. She likes to eat apples. I like eating apples too! I think Wingi is great!

## School Picnic

Today our school went to Jordan Valley Park. There was a big playground. There were swings and slides.

We played hide-and-seek too. I tried to catch my friends, but I failed so I jumped 3 times.

There were beautiful flowers too! There were blue butterflies, they were also beautiful.

At lunch, my group had pudding, sushi, and sausages. They were very yummy!

Last Tuesday, I had a school picnic to Jordan Valley Park. I felt very excited before I arrived at the park. I saw there was a big playground with green grass in the park. It was very beautiful! I took some photos of it.

My classmates set the tablecloth, then we put a lot of food on it, like chicken wings and sushi. They looked delicious. We enjoyed eating yummy food. We also shared food with teachers.

After eating, we went to play on the slide. Suddenly, I heard a sound like, "bee bu bee bu!" and an ambulance arrived.

Some schoolmates told me that a student had hurt his body.

I felt very unhappy because of the bad news. I hope that he could recover quickly.

I think both happy things and sad things happened on this trip.

I hope there will be no accidents in the next picnic.

## Personal Profile: Father

My father is an engineer. He is thirty-five years old and he has a sister and a brother. His favourite activity is cycling. My father's favorite subject is Maths because he

can add something to something. If he could be an animal, he would be a lion.

My father's best experience in Primary School

was when he got good marks in a Maths competition. I think he is great.

## Personal Profile: Mother

My mother always has a smile on her face. She has straight hair, it is very long. She is short, but taller than me. When I have some questions, she will teach me. She is nice. She always does sports, but she is not strong. She never hits me when I am naughty, she will say, "No, next time".

She sometimes listens to me when I am unhappy. She's the *number one Mom!*

## A Message from the English Team

This has been an exciting year at Wu Siu Kui. The English team has had so much fun with all the school activities, festivals and special days. We are looking forward to the second term and sharing our joy with you!

## A Letter to myself in the future

Dear Hannah,

Hi! How are you? And my future? Have you finished your high school life yet? How about ten years later, what does Hong Kong look like? I have so many questions to ask you!

Now, I am studying in P.6, and have lots of friends. Many secondary school interviews and exams are coming, so I am very busy! I joined an English club this year, Mr. Brad is so nice and kind to us. When we have trouble, he will help us.

Winter is coming, but Hong Kong is still so hot. Did you get a cat as a pet? I love cats so much but my mom and dad won't let me take care of a cat because they think that it will become sick.

I want to know more about you, so please write soon!

Love,  
Little Hannah

Dear Mila,

Hi! How are you? I'm Younger-Mila. Are you busy? Do you have time to read my letter to you?

Sometimes I feel very happy but sometimes not. Do you know why I am happy now? It is a school holiday tomorrow. I do not need to go to school. However, the day after that is a dictation.

Today, my mum, dad, brother and I went to eat ice-cream. It was cold. Chocolate-chip was the most popular in the shop. It was yummy!

That is something about my life now. How about you? Can you share with me about your life?

Please write soon  
Love Mila Kam
