

THINGS I LIKE

My Family by Athena Choi 3A

My family has four people. There is my mum, my dad, my brother and me.

My mum has two big eyes, a small mouth and a big nose. She is very smart and nice. My dad has a big nose, two very small eyes and two big ears. My mum always says he is lazy! My brother has two small eyes, two big ears and a small mouth. He is very naughty! I have a small mouth, a round nose and two small ears.

I love my family. They are really lovely. Do you like your family?

Things I Like to Eat by Gian Chan 4A

Do you know what I like to eat? I like eating many foods. What things do you like?

I like eating congee with mushroom; it is yummy and delicious. I will add salt to make it more delicious. Do you like it?

I like eating spaghetti with egg and mushroom because eggs and mushrooms are very tasty. I can eat it in an Italian restaurant. Will you go to that restaurant?

I like eating potato soup too because it has my favourite food in it: tomato.

Do you like these foods? I like them very much.

Mr Duncan by Wayne Ho 5A

Mr Duncan is my English teacher. He is honest, handsome and smart. He is tall. I always ask him, 'Why are you so tall?' He always says 'Milk! I drink milk!' I am so jealous of him! He is kind. He always talks to me and gives stickers when we are good! He is smart. He knows a lot of knowledge. He is handsome. We all like him.

Mr Duncan is the best teacher in the world!

RIDDLES

Try to guess what these things are by reading the clues! The answers are at the bottom of this page.

- I have many restaurants.
- I have many characters for you to take photos with.
- I have a lot of games to play.
- I am a theme park.

What am I?
by Gaga Li 4A

- I don't have any colour.
- I can be hot and cold.
- If you put me in a cold place, I will become ice.
- You can use a glass to drink me.
- When you feel hot, you will drink a lot of me.

4

Minions! The Galaxy Plan by Jack Ling 4B

Few days later

The minions come up with a crazy new plan to turn Earth into a banana!

BIRTHDAY PRESENTS

1. Happy Birthday, Ben!

2. WOW, DAD! Thank you so much!

3. Look at all these presents!

4. Are ALL these boxes empty?

5. Yes, these presents can pack your things, you love it, right?

6. Oh My God!

THE END!

Birthday Presents by Vanessa Man 5A

It's Ben's birthday! However, his presents are not quite what he expected!

EVENTS / HOLIDAYS

Sports Day by Vanessa Man 5A

Do you like Sports Day? I love it very much because it can improve your teamwork and you can learn that 'failure is the stepping stone of success'. You must practice hard for it and you will get great results. Let me talk about my sports day.

We had Sports Day on 23rd January. We went to Tang Siu Kin sports centre in the morning. First, our headmaster said something and the competition started. There are many competitions like running, long jump and high jump. The most popular event is the run with teachers. However, our class lost, but they were not sad!

I love Red Packets! By Kian Cheuk 3A

I like Chinese New Year because I can get a lot of red packets. My brother likes Chinese New Year too. I usually play ball games with him in this holiday.

On the first day of Chinese New Year, I get up in the morning, then my father and mother will give me red packets. After that, my brother, my parents and I will go to my grandma's home to visit my relatives so I will get a lot of red packets! Then, the next day I will open them. I usually eat lots of candy too!

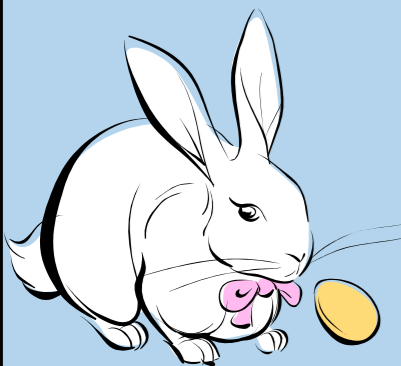

What animal are you?

Chinese Zodiac by Athena Choi 3A

There are twelve animals in the Chinese Zodiac. They are: rat, ox, tiger, rabbit, dragon, snake, horse, sheep, monkey, rooster, dog and pig.

I like to ask teachers what they are. I am rat. Mr Duncan is dragon. My mum and dad are monkeys!

I think in the story of Chinese Zodiac, the mouse is very smart, so I am also very smart!

Easter by Hero Cheung 3B

Last Easter morning, I got up at eight o'clock. Then I said 'Happy Easter Day,' to my cousin. We had some dim sum for breakfast.

In the afternoon, we ate some fish, vegetables and soup. They were yummy! After lunch, we watched TV.

At three o'clock, my grandpa took me and my cousin to the swimming pool and swam in there. It was fantastic! After swimming, we ate the ice cream. It was cool.

In the evening, we had dinner. The restaurant was by the pool. It was beautiful! So I had a nice Easter. What a wonderful day!

HISTORY

Ancient Egypt

By Roy Lock 4B

Let me talk about Ancient Egypt. The Egyptian civilisation was strong around the year 2500BC in Africa. You can find the Sphinx and Great Pyramids there and you can go there by plane.

Egypt reached the pinnacle of its power in the New Kingdom, during the Ramesside period, where it rivalled the Hittite Empire, Assyrian Empire and Mitanni Empire, after which it entered a slow decline. Egypt was invaded or conquered by a succession of foreign powers such as the Canaanites, Libyans, Nubians, Assyrians, Babylonians, Archaemenid Persians and Macedonians in the Third Intermediate Period and the Late Period of Egypt.

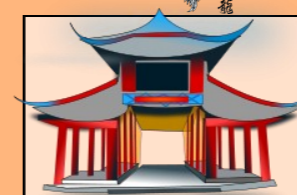

In the aftermath of Alexander the Great's death, one of his generals, Ptolemy Soter, established himself as the new ruler of Egypt. This Greek Ptolomaic Kingdom ruled Egypt until 30BC, when, under Cleopatra, it fell to the Roman Empire and became a Roman province.

Ancient China

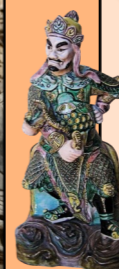

By Kian Cheuk 3A

China is one of the world's four ancient civilisations.

In the Qin dynasty, Emperor Qin Shi

Huang set people to build the Great Wall. Also, he made his people build bridges, roads, canals and systems of flood control. He also introduced a new system of weights, measurements, money, written language and laws.

COUNTRIES

Tonga

by Catherine Lam 3D

Continent: Oceania
Capital City: Nuku'alofa
Language: English and Tongan
Population: 106,962

Tonga is divided into four main parts; Tongatapu in the south, Ha'apai Group in the centre, Vava'u group to the north and the three islands of the Niuas Group about 400 km north of Vava'u.

Malawi

By Roy Lock 4B

Continent: Africa
Capital City: Lilongwe
Language: Chischewa and English
Population: 18,219,903

Nearly half the people in this country are 0-14 years old. Very few people are over sixty-four years old. It is interesting!

Bahamas

By Jack Ling 4B

Continent: North America (Central America)
Capital City: Nassau
Language: English and Bahamian Creole
Population: 388,019

The Bahamas is a coral based archipelago in the Atlantic Ocean. It became an independent commonwealth realm in 1973 and it uses Bahamian dollars as currency. Its 700-plus islands and cays range from uninhabited to packed with resorts. The northernmost, Grand Bahama, and Paradise Island, home to many large-scale hotels, are among the best known. Scuba diving and snorkeling sites include the massive Andros Barrier Reef, Thunderball Grotto (used in James Bond films) and the black-coral gardens off Bimini.

HOW TO MAKE...

How to Make a Tsum Tsum by Leah Fung 5B

Did you watch the Tsum Tsum cartoon before? Tsum Tsum are very cute! Maybe you want to buy them too, right? But they are a little expensive to buy at Disneyland. So today I'll teach you how to make your own Tsum Tsum.

1. You'll need some socks that you didn't wear before, glue, some fabrics, a needle, thread and some cotton.
2. First, put some cotton into the sock until it's the size that you like. Then, cut out the part that you don't need and sew the end of the Tsum Tsum together.
3. Next, cut out the ears, legs eyes and hair from the fabric.
4. Finally, glue the body parts onto the Tsum Tsum. After that, you're finished! Maybe you can make a Tsum Tsum yourself!

How to Make an Easter Chocolate Egg!

By Hebe Wong 5C

What will you do at Easter? I will make a chocolate egg because it's yummy:

1. First, I need to buy the ingredients from the market in the morning.
2. Then, I will put the chocolate into the microwave for 2 minutes.
3. Next, I will put the chocolate into the circle model.
4. Finally I will put it into the fridge.
5. You can eat it with your friends!

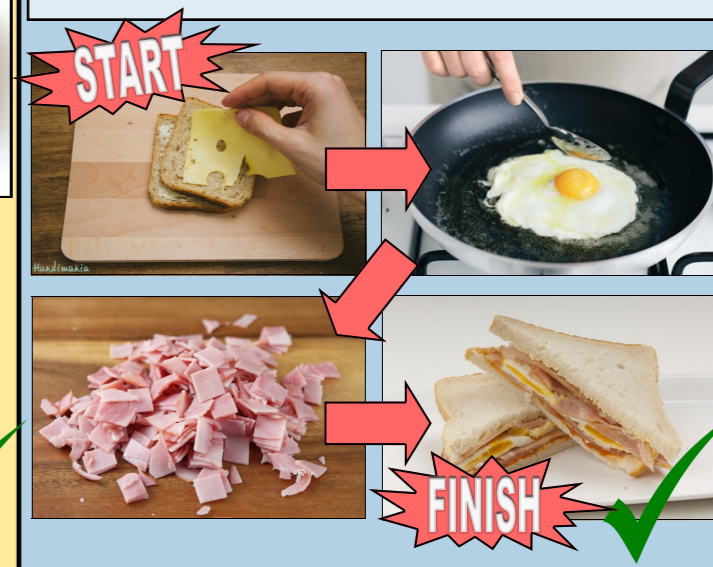

How to Make a Sandwich by Ella Wong 3C

To make a sandwich, you need two pieces of bread, some cheese, some ham and an egg:

1. First, put a piece of cheese on the bread.
2. Next, fry the egg for 3 minutes.
3. Put the egg on the bread.
4. Then, cut the ham into small pieces.
5. Put all the ham on the bread.
6. Then, put the other piece of bread on top.
7. Sit down and enjoy the sandwich!

If you don't like ham, cheese and egg, you can use mushrooms or other vegetables. Or if you like fruit, you can put some apple, orange or pear in it. I think it is very yummy!

REVIEWS

Overwatch

By Andy Li 5A

Overwatch is a battle game. You can choose lots of characters to fight, for example: Genji. Genji can use his sword to bounce bullets. He can use it to hurt people too. That is awesome. He can defeat bad guys easily. I like to use him to defeat enemies.

I like to use Mercy too. She is a girl. She is good because she can heal.

This game is good because it has beautiful art and exciting fighting. It has a lot of different maps and skins too. The Christmas, Halloween and Chinese New Year skins are all beautiful.

SCORE:

Geometry Dash

By Ericsson Tse 4A

This is a game called Geometry Dash. This game is for everyone to play and create levels.

This game has 21 levels in the complete version but only 11 levels in the free version. I would like to have more levels in the free version. Another problem with the free version is that we cannot create levels, so I hope that this is added in the future.

I think Geometry Dash can have more modes, for example: Geometry Dash - Easy Mode or Geometry Dash - U.S. Hacker.

The game is very exciting. You should try to play the game!

iPhone

By Hailey Pang 5A

Nowadays, a lot of people use mobile phones because they are easy to use. There are many mobile phone brands like iPhone and Samsung. However, I like iPhone best, so I will review it now.

iPhone is popular because it can take photos and search the internet. Also, it can play games, watch cartoons, listen to songs and more. Of course it can call people too.

Besides these things, iPhone can also video call. If you are in another country, your family and friends can look at you and not be worried.

iPhone can Whatsapp as well. You can write something on your phone and send it out. Your family and friends will get your message quickly. You can send some emojis too!

iPhone is very good and it is beautiful too! It is really good!

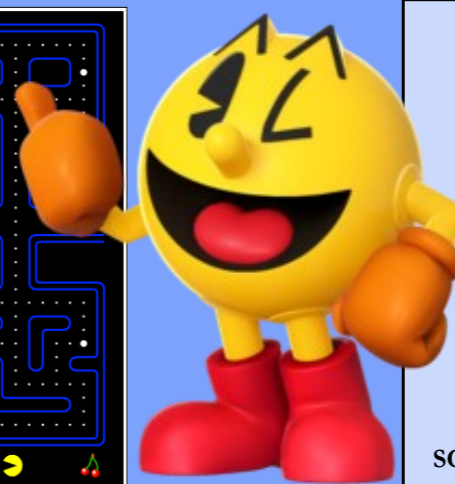

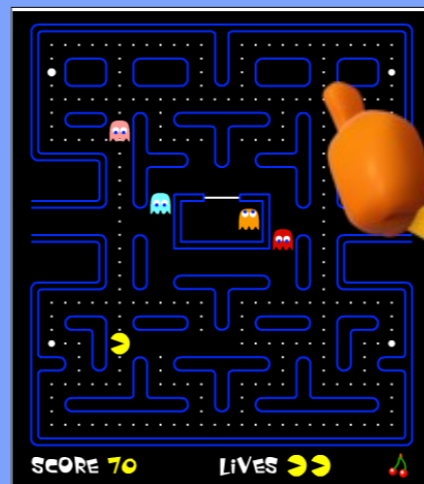

SCORE:

Pac Man

By Roy Lock 4B

Pac Man is a puzzle game. You need to eat ghosts and escape. You control where Pac-Man rolls. It can train your finger speed and concentration. In the game you have some coins which you can use to upgrade and buy extra lives. I think the game is very fun but maybe you shouldn't buy it because it is too expensive.
